

INTERNATIONAL ENGINEERING FOR SUSTAINABILITY CONFERENCES 2014

Mohamad Danial Shafiq Mohd Suhaimi*, Hazirah Hanim Zaharuddin¹, and Mus'ab Umair Mohd Azeman²

¹*Institution 1*

²*Institution 2*

ABSTRACT

An abstract of your contribution should be placed immediately after the title page. It should be indented 10mm from the text at the both left and right margins. The abstract should be presented in italic and should not exceed 250 words. Below the abstract, provide 3 to 5 keywords of short phrases that will assist indexers in across indexing your article.

Keywords: Keyword 1, Keyword 2, Keyword 3

AUTHOR'S GUIDE

This document explains on the instructions for preparing a full paper for the International Engineering for Sustainability Conference (iNESCO). Full papers must be typed and submitted into this template. Any discrepancies from this template will result to the rejection of full paper.

Papers to be reviewed should NOT EXCEED TEN (10) PAGES. Papers with more than 10 pages will not be accepted. Please ensure the clarity and proper usage if grammar in the paper.

PAPER TITLE AND AUTHOR(S)

The title page of article should be in 18-point font, bold and in upper case. Name(s) of author(s) should start with the initial(s) first and the surname spelt out. Provide detailed institutional address for each author. The corresponding author and e-mail should appear at the footnote (in italic) of the first page.

The paper format is in one column. Please use SI units for measurements and units.

CONTENT

The main-headers; Introduction, Methodology, Results and Discussions, Conclusions, Acknowledgement and References should be typed in upper-case, bold and left justified. Leave two lines before a new header. Leave one line after a new header. Begin according to this template for new paragraphs. Sub-headings should be in sentence case, bold and italic, and placed left justified. All text references should be consecutively numbered as follows:

[1] or [1,2] or [1-5].

TEXT HEADING #1

The main headers should be 12- point Times New Roman bold, all capital letters and justified left. The spacing to the next heading should be one line.

Text Heading #2

Sub-headings (if applicable) should be in sentence case, bold and italic, and justified left.

TABLES AND FIGURES

Tables and Figures should be added with caption (explain the illustration) and numbered consecutively throughout the text and it is preferable to include them on the same page as they are first mentioned. (Examples: Table 1, Table 2,... Fig. 1, Fig. 2, ...). Table caption should be bold and arranged such that it is centered with respect to tables and figures. All figures, graphics and photographs must be clear and given in the best quality possible (high d.p.i). The fonts appearing in the Figures and Tables must be clear and easily readable, at least 10 point font. When presenting microstructures, be sure an original scale marker is present on the micrographs. Papers that do not comply to this rule will not be reviewed.

Table 1. The table identification, places on the top of the table, text bold.

Value 1	Value 2	Value 3
1	0.1	0.6
2	0.5	1.5

Fig. 1. Each figure should be captioned, placed at the bottom of the figure, text bold.

REFERENCES

References should be identified by Roman numbers in square parenthesis and numbered consecutively in order of which they are first mentioned in the text. The reference style must be as follows (Cambridge style; surname initial, short form of the journal).
